

# PADEL PRO 200W

High power LED floodlight with an elegant design for lighting competition padel courts. Manufactured with cold forged aluminum casing to guarantee optimal heat dissipation and polycarbonate lenses for professional lighting.

It includes MEAN WELL driver and 135 Lm/W CREE chip, providing 27.000 lumens of real luminous flux and longer luminaire lifetime, reaching up to 100.000 hours, with 5 years warranty. In addition, its support with included rotation system offers homogeneous lighting on competition padel courts.

Meet the requirements UNE-EN 12193: 2009 standard for lighting sports facilities, according to:

- \* 8 floodlights padel PRO 200w: Class II outdoor // Class III indoor
- \* 12 floodlights padel PRO 200w: Class I outdoor // Class II indoor

## TECHNICAL FEATURES

Electrical power output  
**200 W**

Supply voltage · Frequency  
**220 - 240 V · 50/60 Hz**

Operating temperature  
**-40°C ~+ 45°C**

Real luminous efficiency  
**135 Lm/W**

Real flux  
**27.000 Lm**

Colour temperature  
**4.000 K**

Gross Weight / Net Weight  
**8,8 Kg. / 7,6 Kg.**
